

NEVAFAIL™ LED ASSET ID PANELS

Experience faster, more efficient two-way positive communication. The highly visible LED light and fail-safe reflective technology ensures great visibility of up to 500 meters, whilst the crisp number display guarantees easy readability, even in low-light conditions.

With an IP68 rating, NevaFail™ LED Panels are resistant to water, dust, and oil, making them ideal for use in all mining operations with haul trucks, water trucks and other mobile machinery. NevaFail™ LED Panels are the preferred choice of Australia's leading mine operators for safety and performance since 2019.

NEVAFAIL™ FLAT PANEL

Patent Application No. 2019903240

PART NO	24V	CONFIGURATION	WEIGHT	INTERCHANGEABLE	DIGIT HEIGHT
